Experience Matters

I am seeking re-election to Parry Sound Town Council because I believe experience and practical decision-making are important at the council table.

- Current member of Parry Sound Town Council
- Two terms serving on Innisfil Council
- More than 20 years working for the City of Barrie
- Retired as Operations Manager and Corporate Fleet Services Manager
- 20 years as a volunteer firefighter, retiring as Captain

Municipal Appointee - Board of Directors

- Park to Park Trail Association
- Belvedere Heights Long-Term Care
- District of Parry Sound Municipal Association
- Chamber of Commerce

My experience has taught me that municipal government must provide good services while always remembering whose money we are spending - the taxpayer's.

My Priorities

Keeping Taxes Affordable

Careful spending, realistic budgets and good value for every tax dollar.

Roads, Sidewalks & Infrastructure

Maintain what we have, address our priorities and plan responsibly for the future.

Attainable Housing

Encourage responsible development with more housing choices for families, workers and seniors.

Jobs & Economic Development

Support local businesses and encourage new investment and employment in Parry Sound.

Parks & Recreation

Maintain quality facilities and public spaces while keeping affordability in mind.

Accountable Government

Listen to residents, ask questions and make decisions based on facts.

A Practical Voice at the Council Table

I don't believe the answer to every problem is spending more money. I believe in setting priorities, planning ahead and making sure residents receive good value for their tax dollars.

It has been a privilege to serve the people of Parry Sound, and I am asking for your support so I can continue that work.
